

Northern Seminar Series presents:

The Spiders of Boondall Wetlands & Downfall Creek

Presented by Russel Denton

Russel has been a volunteer with Downfall Creek Bushland Centre and Boondall Wetlands Environment Centre since 2001, as both a Bush Carer and Interpretive volunteer. During this time he has fostered his interest in birds, insects, spiders and plants developing his expertise in photography and identification to a high degree. Russel will be providing an insightful and passionate presentation on the spiders of Downfall Creek and Boondall Wetlands for the August Northern Seminar Series.
